PEG encourages parents and guardians to spend time online with their children and to participate together in online activities. No information should be submitted or posted through our services by any student or visitor under 13 years of age without the consent of his or her parent or guardian.

Unless otherwise disclosed to children and their parents during the information collection process, PEG does not provide any personally identifiable information, regardless of its source, to any third party for any purpose whatsoever concerning our students or visitors under 13 years of age. When necessary to protect a child's privacy online, we may request a child to choose a screen name and secret password in registering to use our services. When a student or visitor under age 13 registers with us, he or she is required to provide the email address of a parent or guardian so that we can send that parent or guardian an email alerting them to the registration. In order for the child to use the service for which the child registered, the parent or guardian must validate the registration, as described in the alerting email. In the alerting email, we will inform the parent what we intend to do with the information the child has provided, and we will inform the parent how to review or delete the information.

We will not retain a child's email address without a parent's permission. No information collected from students or visitors under 13 years of age is used for any marketing or promotional purposes whatsoever, except as explicitly stated during a registration process for contests or promotions (and in that case, the information collected is used only for the specific contest or promotion).
